

ESY Progress Report 2020

Student Name:	Connor Ko		
Date:	07/08/2020	Completed by:	Timothy Delavan

Progress Reports for ESY

Area of Need	
IEP Goal	By 1/21/2021, when given concrete objects, Connor will use these objects to add and subtract numbers (each number less than 10) with 80% accuracy in 4/5 consecutive trials as measured by teacher-charted observation/data.
Summary of Progress during ESY	
Although it was difficult to measure his use of concrete objects, Connor was given 6 opportunities to solve addition and subtraction problems using drawn figures, number lines, and number sentences. When participating with adult support, Connor was able to respond correctly with 100% accuracy.	
Comments	

Area of Need	
IEP Goal	By 1/21/2021, when given 10 one syllable words and 25 sight words, Connor will read the target words with 80% accuracy in 4 of 5 trials as measured by teacher-charted observation.
Summary of Progress during ESY	

ESY Progress Report 2020

Connor was provided daily opportunities to participate in sight word exercises. When engaged, Connor was able to read target words correctly in 6/10 opportunities.

Comments

This was an area of our group activities that Connor seemed to enjoy. His participation during sight word activities was high.

Area of Need	Speech/Language
IEP Goal	By January 2021, Connor will complete sentence frames to describe an object with a minimum of 2 attributes related to its category, function, appearance, composition, parts, and/or location when provided with 3 possible choices in 80% of given opportunities.
Summary of Progress during ESY	
<p>Connor attended 2/4 scheduled therapy sessions during distance learning prior to the final week of ESY, with one additional session scheduled in the future. When provided with a field of 2-3 possible choices, Connor completed sentence frames to describe an object with a minimum of 2 attributes for approximately 66% (2/3) of objects presented.</p> <p>Christina Derebenskaya, MS, CCC-SLP</p>	
Comments	
<p>Connor has been making wonderful progress on this goal and has generally remained attentive during distance learning. Working with him has been such a wonderful experience!</p>
